## Meeting Overview

Who's In Winny heads the ratings in the first but POKER DICE can clear that bar second up off a nice return. Sectionals pointed to him being capable of much better when winning over 2000m on the turf here in April. Things warm up in the second where GUNDY GUY makes his debut off a slick Goulburn trial but will need to be handy to beat CHOP THE ICE who held up okay in the Black Opal and had shaped well in runs prior. Strong ratings for the class. Bringbackthebears was good two back but never got warm last time and needs to bounce right back conceding a good map to ALMAHERO and Beany Panya who has ridden twice as many winners as the market has expected over the winter. Back to the all weather surface can be a plus for Sherman who has run his better ratings this prep on the track but he concedes the good draw to SEEYA LATER GATER who will surely find himself better positioned than last time when staying on well. Terrific Federal for Race Five. The unbeaten SISTER MOON kicks off and will be hoping to land in better races this prep. Figure before a break was rock solid. Betting doesn't miss though. Off Shaw has shaped better than his form in better company this prep and can control the race on speed with Mandalong Superb. Miss Ostend is another that can appreciate coming back to calmer waters. Good depth to Race Six as well where PROMETIO MAS appeals most having run nice splits at the Coast and he's run well twice on this surface. Same yard, same story in the last. MISSILE LEADER has run two good ratings on the track and clearly plays well at home. That figure last time is strong and back out to 1280m he can take care of this lot. Mindspace has good ratings away from Missile Leader but over further and from the draw he might face difficulties that Missile Leader should not.
