Meeting Overview

Another competitive meeting on the Acton track. The card kicks off with the Federal where TROOPER KNUCKLE can out-perform BRINGBACKTHEBEARS. The latter appears a horse on the way up with some solid ratings behind him, especially last preparation, but out to 1750m and at peak fitness has me leaning the way of the Knuckle. Trooper Knuckle improved sharply at this stage of the prep last time in work and doing so again today would see him as the one to beat. In race 2, INSANE VOLT can improve with the run under the belt after going down narrowly here LS. If he still has improvement to come then it's ominous signs for his rivals. DEEPHAR was good on debut but is yet to produce something like that since. HEIR JORDAN has been a sectional star with R&S his past couple of runs and is a very interesting runner out to 1900m for the first time. WHO'S IN WINNY has been solid at provincial level and also has claims in race 3. The first leg of the quaddie see's \$230k yearling TENACIOUS LADY come up favourite. Won a trial well here leading in but value comes up with PROPHET TIME. Sectional star LS at Goulburn which suggested she'd be close to her best when things fell her way. Expecting that be today. Looking to end with a bang with HURRICANE ABLOWING in the last. Sectionals backed up the eye first-up at Goulburn and is better suited out to this trip. His debut effort was superb and getting back to that level would see him topple MISSILE LEADER. He had tongue's wagging at the last meeting here but sectionals said he had the rub of the green on that occasion. Can improve but would need to do so to trouble the Hurricane.
